

Our Promise to Your Family

We are committed to supporting you and your family every step of the way during this difficult time, fully recognizing that all grief is very personal and specific to each individual.

We will strive to work with you to create a tribute and support any appropriate request in commemorating the life that was lived. This includes suggesting unique, meaningful ways to capture and share your special memories of life.

Planning a Meaningful Tribute

You might be wondering, what is a meaningful tribute?

The good news is that it has absolutely nothing to do with how much money you spend.

A meaningful tribute is the natural outcome of taking the time to come together as a family, working with one of our Funeral Directors, to design a meaningful and memorable event that appropriately celebrates the life of your loved one.

After decades of experience, we can tell you there are five critical elements involved:

The first element is the participation of as many family members as possible.

In general, you should feel free to involve as many family members as you'd like. This allows the family to reach a consensus on the best way to celebrate the life of their loved one. Different family members often have different viewpoints and it's best to work out any issues as a group.

The second element is to bring some of your favorite stories about your loved one with you.

You won't have to prepare anything. These will be stories that quickly come to mind and will help form the basis for a truly amazing memorial service or tribute. Through personalization and sharing of stories, our farewell planner will help you make the memorial service a true celebration of the life he or she lived.

The third element is to be creative.

A funeral home that places the needs of its families first will never limit how you wish to celebrate the life of your loved one. It can be as simple or elaborate as you would like and doesn't need to resemble a traditional funeral at all.

Family preferences have changed dramatically over the past 25 years. Today's families are looking for a funeral home that is flexible, innovative, and willing to help them design an experience that honors the memories and celebrates a life well lived. One of the best things you can do is to bring meaningful items that will help tell the life story of your loved one. When you bring in memorabilia, it shifts the focus off of your loved one's death onto his or her life.

The fourth element is that it should encompass the needs of every generation of your family.

From elders to infants, and everyone in between, it is possible to design a tribute that provides a meaningful and healing tribute for every generation.

The fifth element is that the family becomes comfortable leaning on us.

Our Funeral Directors, Family Service Advisors and supporting team of Caregivers are experts at helping to design and provide a unique and personal tribute. After meeting with them, you can be at ease knowing that we will follow through and handle all of the details for you.

Why choose Woodridge Funeral Home as your Cremation Provider? What sets us apart?

- Each cremation is performed by a Certified Crematory Technician. Our crematory is supervised by a highly professional staff.
- To prove our commitment to high cremation operating standards, our crematory is open for inspection by any family, anytime during normal operating business hours.
- Our “Worry Free Cremation” process proves that we are the cremation experts in the Greater Lexington area.

1. Safeguarding personal identity.

To ensure security, a personal identification band is placed on your loved one at the moment your loved one is transferred to our care.

2. Unique tracking system

Upon arrival, your loved one is logged into our tracking system and assigned an identification number, which is then stamped into a metal identification tag. This number is used to track every phase of the cremation process. Our tracking system includes date and time of arrival at our facility and name of the transfer technician. Personal belongings are catalogued and placed in a secure area for their return to the family.

3. Positive identification

Sometimes you can never be too careful. With our kind of business, this is especially true. Not all cremation providers take the extra step of requiring a positive identification at the funeral home. We do. You see, we feel it is our professional responsibility to ensure, without question, that the person entrusted to our care is indeed the person to be cremated. This relieves everyone who is involved of the possibility of mix-ups. We will perform minimum care (setting features) for your loved one and place them in a gown we provide. Then, we will ask you, or a representative, to positively identify him or her prior to cremation.

4. Checks and balances

Two individuals, a cremation technician and a funeral home staff member, will review all cremation paperwork and permits. This is to ensure authorizations and permits have been received and have been properly documented. Once all documentation is verified, both staff members must sign the cremation order prior to the cremation.

5. Cremation log book

Immediately prior to the cremation process, your loved one is taken to the cremation chamber and their personal identification is noted in our cremation log book. This log shows the name of the individual, date and time of the cremation, identification number and crematory operator's name. Our crematory log is dated and the start time is noted and initialed by a cremation technician before and after the cremation.

6. Details during, and after, the cremation

The crematory checklist, identification card and metal identification tag are placed on the outside of the cremation chamber during the cremation process. After the cremation is complete, the cremated remains are placed with the metal identification tag into the urn selected by the family. The identification card is placed in our permanent files.

Direct Cremation**From \$ 1,570.00 to \$ 6,385.00**

Our charge for this service, without any attendant rites or ceremonies, includes the local transfer of the deceased into our care (within the 50 mile local radius), limited basic services of the funeral director and staff, obtaining necessary permits and authorizations, preparation and/or placement of newspaper notices, filing Social Security and Veteran's forms, refrigeration until cremation, use of private crematory and Standard Cremation Fee. State and local law does not require a casket for direct cremation. If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering).

The containers we provide are: Corrugated Cardboard and Medium Density Fiberboard (MDF).

Our charge for Direct Cremation includes the Standard Cremation Fee.

We would like to take this opportunity to thank you for the trust and confidence you have placed in us and offer you the following ...

Choices Related to Payment

We believe in the recognition and meaningful celebration of a life that has been lived and will assist in creating appropriate services and ceremonies to meet your needs. What is also important is that the arrangements be in keeping with your wishes and budget.

We are a family-centered organization that treats every family we serve as fairly and equally as we can. In an effort to provide the finest services possible, we are dependent upon the families we serve for making payment prior to services and ceremonies.

In order to provide you with financial flexibility, we offer the following payment options:

Cash, Personal Check or Money Order

Prepaid Funeral Contract

Credit Card

We gladly accept:

Assignment of funds on verified life insurance policies

Due to the complexity and time involved, we are not able to accept payment from estates. A member of the family will need to pay the funeral expenses and file their claim for reimbursement with the decedent's estate.

If you anticipate a problem or difficulty in meeting these obligations, please feel free to discuss your situation with us.
