Families are welcome to select caskets and cremation containers from any source they choose; however, Advent does offer a substantial discount on our service charges when a family opts to purchase these items through Advent.

If you want to arrange a direct cremation, you can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are made of fiberboard, cardboard or paper.

Alternative/cremation containers are required by the crematory and Maryland and Virginia regulations (which define a minimum cremation container). In Virginia, the fee charged by the medical examiner's office for cremation approval is \$100; in Washington, D.C. it is \$75, Maryland does not levy a charge. The family room at the crematory may be available with a minimum of 24 hours notice for a family's viewing of the commencement of the cremation (\$695 at the Alexandria crematory, \$495 at our Beltsville crematory). For the return of cremated remains within 36 hours of the time of arrangement or conclusion of visitation/viewing/identification or service with the body present, please add \$275 in addition to any special transportation arrangements that you may request.

Legal requirements mandate that cremation may only be authorized by the next of kin, legal designee or personal representative/executor after appointment.

To protect the health of our families and employees, in-person identifications are for identification purposes only and are not intended to serve as visitations or viewings. To minimize exposure, in-person identifications are limited to a maximum of five family members for fifteen minutes

For sanitation reasons and to comply with state regulations, Advent requires refrigeration in situations where burial or cremation cannot be accomplished within 48 hours of the time of transfer from place of death. Refrigeration will be charged at \$75/day or portion thereof.
